

Executive Director

The Washington Township Municipal Utilities Authority is seeking candidates for the position of Executive Director. The Executive Director will be responsible for the overall operation of the Authority including supervision, operation, maintenance, capital planning/construction, customer relations, finances and regulatory compliance.

Candidates for this position must be of the highest integrity, possess excellent management and organizational skills, be proficient using business related computer programs, and have administrative and operational experience in water and sewer utilities. A bachelor's degree in engineering or a non-engineering degree with demonstrable technical expertise is desired. W2, T1, S2, and C2 licenses are also desirable.

The WTMUA offers an excellent salary, pension and benefits package. The successful candidate will be required to pass medical and background checks.

Please send resume with references and salary requirements to:
